**APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705(B)**

Mail Stop Patent Ext.  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Responsive to the Determination of Patent Term Adjustment under 35 U.S.C. § 154(b) mailed on November 3, 2004, Applicants submit this Application for Patent Term Adjustment. Applicants submit the required fee under 37 C.F.R. § 1.18(e) along with this Application for Patent Term Adjustment.

The Determination of Patent Term Adjustment mailed with the Notice of Allowance on November 3, 2004 indicates that the Patent Term Adjustment for this patent is 784 days. The details of this calculation from the Patent Application Information Retrieval (PAIR) System indicate that the Patent Office is charged with 811 days of delay and Applicants are charged with one incident of delay totaling 27 days, resulting in the calculated 784 days of Patent Term Adjustment.

Regarding the charged incident of Applicants delay, according to the Patent Term Adjustment History for this application from the PAIR System, and upon review of the file history of this application, Applicants were mailed a Notice of Incomplete Application on April 5, 2001 with a two month deadline for responding. Applicants submitted their compliant response by supplying the signed Declaration and Power of Attorney which was received by the Office on July 9, 2001, as indicated by the Office's stamp on the postcard, a copy of which is attached. A timely response, for purposes of Patent Term

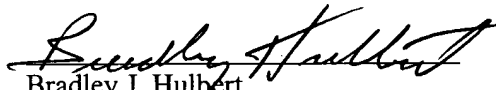

Adjustment, should have been received by the Office on July 5, 2001. Therefore Applicants' delay is 4 days, not 27 days as shown in the PAIR System.

If the Applicants' delay of 4 days is subtracted from the charged 811 days due to Office delay, the result is that Applicants' Patent Term adjustment is 807 days and not 784 days. Accordingly, the 27 day reduction in term of the Patent Term Adjustment associated with the August 1, 2001 entry in the Patent Term Adjustment History from the PAIR System should be corrected to a 4 day reduction, and the resultant calculated total PTA adjusted to 807 days.

In light of the foregoing, Applicants respectfully request reconsideration of the Patent Term Adjustment. Applicants respectfully submit that the proper Patent Term Adjustment is 807 days. If a telephone conference would expedite the prosecution of this Application for Patent Term Adjustment, please contact the undersigned attorney as indicated below.

Respectfully submitted,
